¡Enhorabuena! No error encontrado.

Este documento es [CSS versión 3 + SVG](#) válido!

PRIMERA PRUEBA

The screenshot shows a web browser window with the URL projectwallace.com/css-code-quality. The page displays a block of CSS code:

```
        padding-bottom: 10px ;  
    }  
    hr{  
        height: 0.8px;  
        background-color: black;  
        width: 98%;  
        text-align: center;  
    }  
    .fa-arrow-up{  
        font-size: 0.6rem;  
    }
```

Below the code, there is a checked checkbox labeled "Prettify CSS?" with the following explanatory text:

Prettifying makes inspecting the CSS easier, but very slightly changes the numbers.

A large green button labeled "ANALYZE CSS" is centered below this section.

The analysis results are presented in three large green numbers:

Maintainability	Complexity	Performance
100	100	100

Below the numbers is a legend with three colored squares and their corresponding ranges:

- Red square: 0 - 50
- Orange square: 50 - 80
- Green square: 80 - 100

PRIMERA PRUEBA

The screenshot shows a web browser window with the URL jennymonteagudo.github.io/MetodologiaSUITE/. The page title is "STKLM". The top navigation bar includes links for "All Prints", "About us", and "Contact". On the left, there is a grid of 12 abstract graphic designs. On the right, the Lighthouse audit results are displayed:

Metric	Score
Performance	51
Accessibility	100
Best Practices	96
SEO	90
PWA	-

A large circular progress bar highlights the Performance score of 51. Below it, the word "Performance" is written. A note states: "Values are estimated and may vary. The [performance score is calculated](#) directly from these metrics. [See calculator.](#)" At the bottom, a legend indicates color coding for scores: red for 0-49, orange for 50-89, and green for 90-100.
